

There are two kinds of Bible reading charts:

(1) Bible Reading helps record all the Bible books you read in a year. The Bible books are given in traditional book order.

(2) Chronological Bible also provides a list of all the Bible books but in chronological order, that is, the time period which they cover (not necessarily written. Acts is put before Paul's letters even though it was written later.)

On the back are two helpful chronological charts. Old Testament time chart and Pauline letter chart. Feel free to copy and hope you find more interesting things on the BFF website!
