Biblical Foundations for Freedom

REVIVING OUR FAITH

Exodus 33:7-11

Session #1

Revive your spiritual life through improving the quality of your personal devotion times.

The quality of our devotional times largely depends on two key factors: (1) The belief that God wants to make each time that I meet with Him special by 'speaking' to me, and (2) The expression of my genuine felt need for Him to help me through our meeting together.

DEEPENING OUR REFLECTIONS

Joshua 1:6-9

Session #2

Understand Biblical meditation and apply it to your daily quiet times.

The depth of our times with the Lord are largely dependent on how we make sure every encounter with the Lord in His Word is special through properly meditating on His Word and applying what He teaches to our lives.

TRACING OUR LIFE'S JOURNEY

Genesis 12:1-3

Session #3

Discover how God speaks to you about your life through your times with Him.

The effectiveness and fulfillment of life is largely developed by being deliberately attentive to discovering what God wants for our lives in our quiet times with Him and by responding to what He directs us to do.

PURSUING OUR GOD

Exodus 33:12-23

Session #4

Discover how a person can grow in their relationship with the Lord through special times with Him.

God wants to reveal more and more of His glory to us. It is the building up of a very intimate relationship with God. While we will have various special and regular experiences with the Lord as part of life's work and service, God desires to be pursued and allow Himself be found.
