

Biblical Foundations for Freedom

Releasing God's Life-changing Truth to a New Generation

Project Seed: Distributing Free Christian Digital Resources

As I travel and minister in many different countries largely training those in Christian ministry, it is exciting to see our Mighty God doing a great work among His people. And yet, it is sad to observe the lack of spiritual growth even among many leaders (in my country too!). In order to combat this serious and unnecessary problem, BFF is now offering free training materials to God's servants and believers in developing countries and regions. Our vision is to see all followers of Jesus glorify God through their closeness with Him and the way they diligently carry out His works.

Free ongoing access to BFF Christian training digital libraries is now being offered around the world! Like a seed flying through the air, we want to see biblical training materials reach every corner of the world. As a believer is strengthened, he or she spiritually grows and becomes a greater blessing to others.

BFF's materials can be used in various ways, depending upon which electronic devices one has access to: including smart phones, tablets, computers or at internet cafe.

For more than 15 years Biblical Foundations for Freedom (BFF) by God's grace has been strategically creating biblically-based and graphically-enhanced training Christian resources. It is time for the power of God's Word to be set free in His people's lives. Our 7 English BFF Digital Libraries and international resources are included!

Knowing More!

Live links for the English libraries are below including for an introductory video:

Bible

- Old Testament Bible Digital Library
- New Testament Bible Digital Library

Family

- Marriage Digital Library
- Parenting Digital Library

Discipleship (Christian living)

- Spanish world: Spanish
- Uganda: Luganda

(If your language is not seen, welcome us to do training in your land! Contact Pastor Paul! info@foundationsforfreedom.net)

Qualifications & Conditions for Free Access

You must live in a developing country with access to the internet, a computer or some computer device that can read pdfs, epub, listen to mp3s or show videos. An internet cafe works as well as a smart phone or tablet. If you or your church is financially able to afford these resources, even though you live in such countries, we suggest you make a donation or order through our **BFF store**. This enables us to focus on meeting the needs of those who truly need this offer.

These materials are indefinitely loaned to you by BFF and are not for resale. If the access demand is too great, we have the right to prioritize the requests for those serving in full-time Christian ministry, but now it is open to all. Please feel free to edit, translate and adapt the resources for our your purposes if they build up the people of God. You do not need to ask permission to adapt, use or translate, but we do not allow you to put the resources or their links on the web without permission.

These materials are also for sale at our BFF web store where thumb drives are also available.

How do you apply?

Request via email with "Project Seed" in the subject area. Provide at least city (town) and country. If you are involved in ministry, we would love to hear a short description of your ministry. There is no cost to you except your internet charges. Our email is at the bottom of the page. Have each person/family apply if at all possible. We usually respond within 12 hours.

Thinking about being a distributor?

Do you know those who might benefit? We welcome you to join us in distributing these resources. Normally, a person would simply provide this web page's link to your friends (or our email address below), and they upon briefly introducing who they are in their email receive the key link to access the libraries.

If you, for example are a pastor, missionary or teacher, and know many people in a developing country, introduce yourself to me (Paul). There are several volunteer options. You can personally pass the link on to others as you travel. Or for those without internet service, purchase a USB thumb drive (at discounted price - contact me) and distribute it that way. (English libraries: 30 gb; International libraries 50 gb.)

if there are questions or desire for usage by larger groups or online libraries such at schools, please contact Paul at (+01) 412-398-4559 (in USA).

3276 Bainton St., Pittsburgh, PA 15212 USA

Biblical Foundations for Freedom was started by the Lord in 2000 and is based on a thorough confidence of the inspired Word of God, saving work of Jesus Christ and need of the Holy Spirit to empower His people. Our training material is designed to use graphically-enhanced biblically faithful materials to release the full power of God's Word into our lives so that we can have our lives transformed into the image of Christ Jesus all to His glory. Paul's prayer is that God would revive His people around the world.
