Dear Prayer Team,

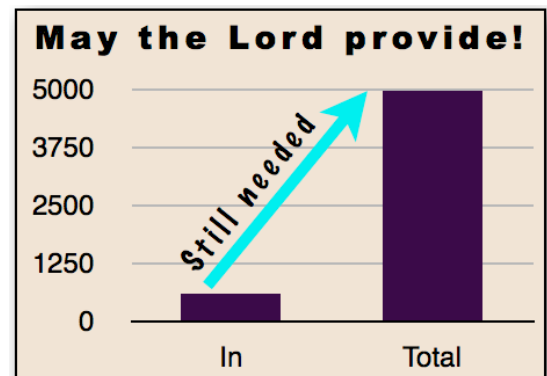

## God is working!

Thank you so much for your prayers. During this hot season God's grace has enabled me to accomplish much. Only about 2.5 messages to finish. These will require focused concentration because these are brand new articles I am writing. Each will be about 15 pages plus outlines and powerpoint.

Do pray daily for the translator, Pastor J and his team. They have received outline after outline. The second series has numerous exercises that also need translation, which doubles their work. He requested that I work more slowly on the few remaining articles. He has so much to translate already!

One seminar location was changed to a more stable place. Praise God for the coordinators in that area. The accommodations are better, safer and less expensive.

Do continue to pray diligently for finances. There is still a large need but little time left.

## Special Update on God's work around the World!

A brother from the Philippines wrote a wonderful description of our ministry!

I came back to your site just now to look for additional teachings on PERSONAL DEVOTIONS and found out you are offering your BFF DVD for FREE. I would appreciate it very much if you can include me in your list of FREE BFF DVD recipients.

Allow me to introduce myself as PASTOR G, a full time pioneering pastor here in Metro Manila Philippines with some 50 members from seven families, 70% of which are children and with a special ministry to the visually impaired (blind) and their family members.

While grounding our present membership in the word through personal devotions and aggressive discipleship mtgs among various age groups especially the HUSBANDS/

FATHERS, my wife and I felt like we should start an outreach with newly weds and are preparing a set of materials to start meetings with newly married couples.

Three nights ago, I came across your website and found how helpful your materials are to our vision to raise up spiritually strong families that will bless the earth with their godly offsprings. Oh I almost didn't sleep reading through your materials on Godly Beginning for the Family, Biblical Parenting Principles, Training and Disciplining Children, and the Discipleship Materials, especially THE FLOW!

How blessed I was to see how the RIVER is used as basis for your discipleship program! I recalled how the Lord led me to preach a message from Ezek 47 on the RIVER of God in the first month of 2009 and wondered, "How can I possibly have the BFF DVD?" How I thank God for your timely OFFER to send it for FREE!
