

Genesis Survey Exercise #1a

Paul J. Bucknell

While speed reading through Genesis, make a rough chart roughly estimating how much of a chapter(s) is spent on each character or event. You can focus on character on the front (easier) or event on the back (harder). We have started. Add blocks as necessary.

Extra challenge! After finishing, draw a new chart with the width of each block proportional to its length.

Charting Genesis People

Adam & Eve	
2 chapters (1-2)	chapters ()

Genesis Survey Exercise #1b
